Thank you for cutting out and bringing the W. Tilly - 1897 Stone to the Fire Dept.

William Tilly, 1848-1936, built the farm house in 1897 and had the personalized & engraved stone built into the front of the house.

William Tilly was my great grand father and Sgt. Greg Tilly's great-great grand father.

We, the Tilly family, greatly appreciate the effort, that was put forth so we could have this important piece of family history.

Thank you;
Jerry Tilly
