Dear Firefighters -

We just wanted to come & thank you in person for all that you do.

My son & I (and our dog Bandit) were involved in the apartment fire at Northern Pines on Saturday. We lived in the "B" section of the building & because of everything you guys did much of my apartment contents are O.K.

Seeing all of you run into the fire as all of us were running

...so much.

away really opened my eyes & gave me a new found appreciation for all you do.

Thank you so much - your friends at Northern Pines

Sharon, Nick & Bandit DeCleene
