VILLAGE BOARD STAFF REPORT

REPORT TO: Burt R. McIntyre, President, and Village Board Members

REPORT FROM: Dave Wiese, Executive Director of Community Development

AGENDA ITEM: Review and take action on Ordinance 2013-01 regarding a proposed amendment to Section 50-529 Permitted Uses in the B-2 Highway Commercial Zoning District to exclude the sales, rental and leasing of motorcycles, motor vehicles, recreational vehicles and trailers, as well as motor vehicle repair shops and service centers, and require them to obtain a Conditional Use under 50-529 (2) Conditional Uses

ACTION REQUESTED: ___Ordinance ___Resolution ✓ Motion ___Receive/File

PLAN COMMISSION RECOMMENDED

The Plan Commission unanimously recommended approval of the proposed Zoning Ordinance change. If in favor of the Plan Commission recommendation, the following motion would be in order:

“Motion to approve Ordinance 2013-01.”

BACKGROUND

The village has received numerous complaints about businesses offering vehicles for sale on their property. Staff is recommending amending the ordinance governing permitted uses in the B-2 Highway Commercial District so that any outdoor vehicle sales within the zoning district will require a conditional use.

Re: B--2 Highway Commercial change to Conditional Use

Dear Sir":

I have a copy of the staff report which recommends amending the ordinance so that outdoor car sales required Conditional Use permits.

I have no difficulty with this minor change, but the ordinance 2013-1 is a vast expansion from the staff recommendation. What prompted you to expand their suggested course of action, for merely outdoor sales?

We continue to be in the depths of a real estate "depression". not recession. Drive around and see the "for lease", " for sale." & tradesigns on all your major streets, not only Military.

When you see these signs the owners, your taxpayers, are hurting. I hope that you are mindful of what these signs indicate, i.e. that taxes, mortgage payments, insurance, and repairs must be made with no income coming in.

Should you not be doing all you can to assist the small businessman owner and startup businessman instead of putting another roadblock in the path business start ups.

of
Take it from one who has been in all phases of real estate for well over 50 years, to include Real Estate Rep for SOCO, commercial and industrial real estate sales (largest industrial sale in year 1975 in Wisconsin) subdivision etc etc I have seen it all) that the more regulations you impose on real estate development the more you discourage location in your city. If this is what you desire, then do as 2013-1 proposes

I hope this is not the case.

Yours,

Mark E Leisticow

Dear Plan Commission and Village Board members:

As a homeowner and taxpayer, I applaud the village for taking steps to combat the problem of used automobile dumping. I urge you to support the village staff's proposed amendment to Section 50-529 regarding permitted uses in the B-2 Highway Commercial Zoning District. This proposal is scheduled for Plan Commission action Feb. 18 and Village Board consideration after that.

The issue of used automobile dumping is one that significantly affects the aesthetics and property values that once made Howard an attractive place to buy a home and raise a family. Make no mistake: This is not about legitimate used-car lots, nor is it about private citizens simply trying to sell a car. This is about B-2 property owners – commercial businesses that have nothing to do with automobile sales – turning their properties into dumping grounds for anyone who wants to bring a used vehicle into Howard and abandon it here with a "For Sale" sign. Such dumping creates an eyesore that makes Howard look like one big junkyard. And where property values are concerned, it is a virtual cancer.

Last summer, I noticed that the problem was getting worse and worse. Almost every day, I saw another used vehicle – and sometimes several at a time – abandoned on a commercial property along one of our heavily traveled roadways: Velp Avenue, Cardinal Lane, Lineville Road and many others. Please take a few minutes to look at the attached color photographs. Over a period of just a couple of weeks, I was able to document 15 different locations where property owners had thoughtlessly engaged in this reckless conduct – a sort of vandalism against their neighbors and the community at large.

I tried contacting one of these property owners directly. I politely asked him to be a good neighbor and remove a used car that had been dumped in his parking lot with a "For Sale" sign. He refused and became rude and combative, as if I had no right to interfere with his turning our neighborhood into a junkyard.

Village staff tells me that some of the properties I photographed already have zonings where used automobile dumping is prohibited. But many have B-2 zoning. And unless you take action, all such property owners will be free to continue harming the appearance, image and value of our community. Please close this loophole. Give your village staff the tools they need. And then direct staff to undertake a vigorous enforcement program to return Howard to the beautiful and prosperous community it once was – and can be again.

Thank you.

Sincerely,

enc.
