Wisconsin Criminal History

IMPORTANT EXPLANATION ABOUT HOW TO UNDERSTAND THIS RESPONSE

This response reports the results of a criminal history search conducted with the name, date of birth, and any other identifying data you provided. The identifying data you provided is printed above. If you submitted fingerprints with your search request see the statement below.

Read this entire explanation, the "How to Read the Following Criminal History Report" section and the "Notice to Employers" section. Read these sections carefully to understand how this response relates to the identifying data you provided.

Printed below these explanations is a Wisconsin criminal history record that has been identified as a possible match to the identifying data you provided.

A criminal history search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like "sex" or "race") may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or

2. Identification of a criminal history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching.

The Crime Information Bureau (CIB) therefore cannot guarantee that the criminal history record below pertains to the person in whom you are interested.

You must carefully read the entire Wisconsin criminal history record below in order to determine whether the record pertains to the person in whom you are interested.

Do not just assume that the criminal history record below pertains to the person in whom you are interested.

Additional information about finger-based search submissions: Fingerprint-based background checks generally provide a more reliable result and are prone to fewer false matches due to the specific identifying features of fingerprints.

HOW TO READ THE FOLLOWING CRIMINAL HISTORY REPORT

The criminal history reported below is linked by fingerprints to the name appearing directly after these explanatory sections, following the label "IDENTIFICATION." That name is the name that was provided by the fingerprinted person the first time his or her fingerprints were submitted to CIB; it may or may not be the real name of the fingerprinted person. That name is called the "Master Name" in these explanatory sections.

It is not uncommon for criminal offenders to use alias or fraudulent names and false dates of birth, sometimes known as "identity theft."

If the name you submitted to be searched is **DIFFERENT** from the "Master Name" below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. If an alias or fraudulent name used by the person who is the "Master Name" is similar to the name you submitted for searching, that does not mean that the person whose name you submitted for searching has a criminal history. It means that the person associated by fingerprints with the Wisconsin criminal history below has used a name similar to the name you submitted for searching.

If the name you submitted to be searched is **THE SAME** as the "Master Name" below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. That is because the "Master Name" is the name attached to the initial fingerprint submission to CIB that is associated with the reported criminal history, may have been an alias name or a name similar to the name you submitted for searching.

To determine whether the Wisconsin criminal history below actually belongs to the person whose name and other identifying information you submitted for searching, compare the

information reported below to the other information you have obtained about that person. Inconsistencies may indicate that the criminal history reported below does not belong to the person whose name and other identifying information you submitted for searching. You may need to ask for clarification from the person whose name and other identifying information you submitted for searching.

Before you make a final decision adverse to a person based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The person should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

The Wisconsin criminal history report below may not show all arrests for the person whose fingerprints are associated with the reported criminal history. However, the criminal history report contains all information that has been provided to the state criminal history database that may be released in response to your request.

The results of this search are effective and current for the date of this search only. A new search request should be submitted at a later time if an updated response is needed.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see <http://docs.legis.wisconsin.gov/statutes/statutes/111/II/335> and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and

2. The process for submitting a challenge.

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

Wisconsin Criminal History

IMPORTANT EXPLANATION ABOUT HOW TO UNDERSTAND THIS RESPONSE

This response reports the results of a criminal history search conducted with the name, date of birth, and any other identifying data you provided. The identifying data you provided is printed above. If you submitted fingerprints with your search request see the statement below.

Read this entire explanation, the "How to Read the Following Criminal History Report" section and the "Notice to Employers" section. Read these sections carefully to understand how this response relates to the identifying data you provided.

Printed below these explanations is a Wisconsin criminal history record that has been identified as a possible match to the identifying data you provided.

A criminal history search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like "sex" or "race") may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or

2. Identification of a criminal history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching.

The Crime Information Bureau (CIB) therefore cannot guarantee that the criminal history record below pertains to the person in whom you are interested.

You must carefully read the entire Wisconsin criminal history record below in order to determine whether the record pertains to the person in whom you are interested.

Do not just assume that the criminal history record below pertains to the person in whom you are interested.

Additional information about finger-based search submissions: Fingerprint-based background checks generally provide a more reliable result and are prone to fewer false matches due to the specific identifying features of fingerprints.

HOW TO READ THE FOLLOWING CRIMINAL HISTORY REPORT

The criminal history reported below is linked by fingerprints to the name appearing directly after these explanatory sections, following the label "IDENTIFICATION." That name is the name that was provided by the fingerprinted person the first time his or her fingerprints were submitted to CIB; it may or may not be the real name of the fingerprinted person. That name is called the "Master Name" in these explanatory sections.

It is not uncommon for criminal offenders to use alias or fraudulent names and false dates of birth, sometimes known as "identity theft."

If the name you submitted to be searched is **DIFFERENT** from the "Master Name" below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. If an alias or fraudulent name used by the person who is the "Master Name" is similar to the name you submitted for searching, that does not mean that the person whose name you submitted for searching has a criminal history. It means that the person associated by fingerprints with the Wisconsin criminal history below has used a name similar to the name you submitted for searching.

If the name you submitted to be searched is **THE SAME** as the "Master Name" below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. That is because the "Master Name" is the name attached to the initial fingerprint submission to CIB that is associated with the reported criminal history, may have been an alias name or a name similar to the name you submitted for searching.

To determine whether the Wisconsin criminal history below actually belongs to the person whose name and other identifying information you submitted for searching, compare the

information reported below to the other information you have obtained about that person. Inconsistencies may indicate that the criminal history reported below does not belong to the person whose name and other identifying information you submitted for searching. You may need to ask for clarification from the person whose name and other identifying information you submitted for searching.

Before you make a final decision adverse to a person based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The person should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

The Wisconsin criminal history report below may not show all arrests for the person whose fingerprints are associated with the reported criminal history. However, the criminal history report contains all information that has been provided to the state criminal history database that may be released in response to your request.

The results of this search are effective and current for the date of this search only. A new search request should be submitted at a later time if an updated response is needed.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see <http://docs.legis.wisconsin.gov/statutes/statutes/111/II/335> and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and

2. The process for submitting a challenge.

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.
