SHERIFF

**STATUS REPORT**

DATE: 06-19-12

SHIFT: N/A

EMPLOYEE: Breider, Gleason & Loppnow

REPORT OF: R. Schultz, #120

REASON FOR STATUS REPORT:

Recently received the below writing from an Investigator from the BC DTF.

Thank you all very much for the dedicated effort in making this work. Your assistance to the DTF is greatly appreciated and highly respected.

Capt,

In April the DEA sponsored a National Prescription Pill Take Back Initiative to take unused prescription pills off the streets. The event is one of the DEA's key strategies to prevent prescription abuse. The county has numerous sites that allow citizen to turn in their used pills.

Once again the DEO program made this event a success. DEO's Loppnow, Gleason and Breider worked on a Saturday to staff the event in their community. They took the initiative to prepare the event location, advertise the event and greet every citizen that participated. This is the second event that the DEO's stepped up and volunteered to participate.

This is just another example that proves the success of the DEO program. Every time I have approached the DEO's for assistance they step up and help the DTF. Please pass this along to the DEO's and the village administrators. This event would not reach the level of success without the DEO's.
