Subject: Village Green Golf Course

Chris,

Just a short note to let you know that I really appreciate the improvements that the course has made. They are definitely noticed by everyone on Tuesday nights men's league. I have been waiting for these for a long time. Some of the comments made that should be heard (always nice to hear good things) are:

- Great course for the price, best price around including the Appleton Area.
- With the course looking like it is, now I begin to start thinking about a membership for next year.
- Would be nice to see the Village of Howard residents get a break on the membership cost.
- What a great site was the lack of winter kill on the greens this year.
- The greens have never rolled so good.

I know that it is not much but I just thought that you should hear some of the many positives people are saying. It is a lot better than anything negative (like in some years past).

Keep up the good work, we have something in the Village that we can be proud of.

Thanks,

Jack Lagina
