BACKGROUND

This is a request for a conditional use permit to allow the outdoor sale and consumption of alcoholic beverages and food at the referenced address. A conditional use permit is required per Section 17.11(2)(d) of the Zoning Ordinance which requires that *"Except for permitted off-street parking and loading, and except for services provided to and for motor vehicles, and except as specifically allowed as a conditional use in accordance with Section 17.20(10) of this ordinance, all business, servicing, processing, sales and storage shall be conducted within completely enclosed buildings."*

EXECUTIVE ANALYSIS

Zoning

The property is presently zoned B-2. Taverns are permitted in the B-2 zone but Section 17.11(2)(d) of the Zoning Ordinance requires a conditional use permit for any outdoor business, service or sales. The outdoor sale and consumption of alcoholic beverages and consumption and sale of food is considered outdoor business, service or sales.

Setbacks

The current building and deck comply with all required setbacks except the for the front yard setback. The building and deck are set back from Velp Avenue less than 20 feet while the Zoning Ordinance requires a minimum front yard setback of 35 feet.

Parking

The current facility has limited parking.

Floodplain, Shoreland Zoning & Stormwater Management

The current building and deck are located in a 100-year floodplain district.

Land Division

No land division is being proposed in this request.

Lighting

No additional exterior lighting is being proposed with this request.

Fire Protection

This property is currently served by the municipal water system and is located approximately 0.65 miles from the nearest fire station.

CONDITIONAL USE STANDARDS

Section 17.20(10)(g) of the Zoning Ordinance requires that "The Plan Commission shall not recommend and the Village Board shall not approve a conditional use unless findings are first made, based on evidence presented, that the following standards are met:"

1. The conditional use shall not be detrimental to or endanger the health, safety, morals, comfort or general welfare of the public.
2. The conditional use shall not be injurious to the use and enjoyment of other property in the immediate vicinity for purposes already permitted, nor shall it substantially diminish or impair property values within the neighborhood.
3. The conditional use shall not impede the normal and orderly development and improvement of surrounding property for uses permitted in the zoning district.
4. The exterior architectural appeal and functional plan of proposed buildings and structures shall not be so at variance with existing buildings and structures, or buildings and structures under construction in the immediate area, or the character of the zoning district, as to cause a substantial depreciation in property values within the neighborhood.
5. Adequate utilities, access roads, drainage and necessary facilities are in place or will be provided.

6. Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.
7. The conditional use shall, in all other respects, conform to applicable regulations of the zoning district in which it is located, except as such regulations may be modified by the Village Board pursuant to Plan Commission recommendations.

RECOMMENDED ACTION BY THE PLAN COMMISSION

It is requested that the Plan Commission open the public hearing and ask the applicant to explain his request in detail, including how the above referenced "Conditional Use Standards" will be met. Subsequently, the Plan Commission should invite comments from the public and then close the public hearing.

The Village staff recommends denial of the Conditional Use Permit for the following reasons:

- 1) The building and deck are set back from Velp Avenue less than 20 feet while the Zoning Ordinance requires a minimum front yard setback of 35 feet. The applicant has constructed an accessory building (smoking room) that does not meet the 35-foot setback and does not meet a 10-foot setback to the existing principal structure. All work was done without the proper permits.
- 2) The current facility has limited parking and adding additional area for patrons will make the current situation worse.
- 3) The area is directly adjacent to a residential property and increased use of the outdoor deck will intrude on privacy of the neighbors.
- 4) The current driveways are non-conforming and in staff's opinion dangerous. Patrons currently back on to existing public streets. Increasing traffic with additional patrons only increases potential conflicts.

If the Plan commission were in favor of the existing request staff would recommend the following:

- Establish limits for the hours of operation for the outdoor service area.
- Establish limits for the days of operation for the outdoor service area.
- Establish limits for the months of operation for the outdoor service area.
- Establish limits for the number of patrons permitted outdoors at any one time.
- The outdoor service area (deck) shall be enclosed within an opaque fence at least 6 feet in height above the deck surface.
- The sale and consumption of alcoholic beverages shall be confined to the fenced area.
- Access to the outdoor service area shall be through the tavern only.
- The outdoor service area shall be monitored and supervised by staff personnel at all times.
- No music or other electronically amplified sounds shall be permitted outdoors.
- No additional lighting or other electrical devices shall be permitted outdoors.
- Outdoor activities shall be limited to beverage and food consumption only.
- Landscaping and greenspace should be added to the parking lot and adjacent to the building.
- All recycling and garbage dumpsters shall be screened from public view with a fenced in area.
- Driveways shall be reconstructed to meet the commercial driveway regulations.
- State approved plans are needed for the current structure that was illegally built and for any future additions.

Standards Used by Plan Commission When Ruling on a Conditional Use Permit Request

- Issuance of conditional use permit shall not be detrimental to or endanger the health, safety, morals, comfort or general welfare of the public.
- Shall not be injurious to the use and enjoyment of other property in the immediate vicinity for purposes already permitted.
- Shall not substantially diminish or impair property values within the neighborhood or impede the normal and orderly development and improvement of surrounding property for uses permitted in the zoning district.
- The exterior aesthetic appeal and functionality of proposed buildings must complement existing buildings and the character of the zoning district.
- Adequate utilities, access roads, drainage and other necessary utilities are provided.
- Adequate ingress/egress shall be designed to minimize traffic congestion.
- Must conform to applicable regulations of the zoning district in which it is located.

VIOLATIONS

A RECENT INSPECTION OF THE PROPERTY AT THE ABOVE ADDRESS REVEALS SEVERAL VIOLATIONS OF THE HOWARD VILLAGE CODE.

- (1) HMC 50-528(4) The conditional use approval issued on 8/24/09 allowing outdoor alcohol and food consumption expired on 6/30/2010. All outdoor activities of this type shall cease immediately until the conditional use approval is renewed.
- (2) HMC 50-528-5 An enclosed structure has recently been erected on the exterior deck of the building. The Zoning Ordinance requires that "No building or any improvement shall be erected, placed, or altered on any building site in the highway commercial (B-2) zoning district until the plans for such building or improvement, including the site plan, landscape plan, building plan and specifications, have been submitted for review to the village plan commission. The village plan commission shall approve, conditionally approve or disapprove such plans with respect to conformity with this section and other applicable codes and ordinances of the village and with respect to harmony of external design and land use as it affects property within and adjacent to the highway commercial (B-2) zoning district." Plan Commission approval shall be applied for and received for this structure.
- (3) HMC 40-148 A building permit is required for the enclosed structure recently erected on the exterior deck of the building. Required documentation shall be submitted, proper fees paid and a permit obtained for the structure.
- (4) HMC 50-866 The Zoning Ordinance requires that "Accessory buildings and structures shall be located no closer than ten feet to any other accessory or principal building." The recently constructed enclosed structure on the deck of the building appears to be located substantially closer than 10 feet to the tavern. The structure shall be brought into compliance with the 10' separation rule.

THE ABOVE VIOLATIONS SHALL BE CORRECTED BY THE COMPLIANCE DATE SPECIFIED ABOVE.
