BROWN COUNTY EXECUTIVE

December 7, 2011

To our First Responder community,

On behalf of Brown County, we would like to extend our thanks for the efforts during Saturday's fire in Pulaski. It has been described as a perfect storm incident, and it is because of the responder community's dedication to preplanning, training, and exercising that this incident did not expand further. We saw firsthand the true depth of what MABAS can do when it is put to the test. Saturday's event also displayed how a community can come together in a positive way to help lessen the burden of response. We can see from this incident that when something destructive impacts one of us, the rest of the community is on its way to help aid the impacted. We are very fortunate to have such a dedicated group so willing to take the call and respond accordingly.

Please accept our gratitude and immense appreciation for your efforts.

Sincerely,

Troy Streckenbach
