Village of Howard Plan Commission
Howard Village Board of Trustees
President Burt McIntyre

November 16, 2011

Dear President McIntyre, Plan Commissioners and Trustees,

I am writing to ask you to consider implementing a temporary moratorium on multi-family housing construction. The impact that multi-family housing has on Howard Elementary is very concerning to me. My children have attended Howard Elementary since 2006 and over the years I have seen significant changes – some good and some not so good. I have read the letter written by Kyle Kroening and agree with him. This decision would impact our children today and their future.

Sincerely,

*

Jessica Kurowski
