VILLAGE BOARD MEETING STAFF REPORT

REPORT TO: Burt R. McIntyre, President & Village Board of Trustees

REPORT FROM: Dave Wiese, Executive Director of Community Development

AGENDA ITEM: Community Development Services Report

ACTION REQUESTED: ___Ordinance ___Resolution ___Motion ___Receive/File

Update on the Village of Howard Comprehensive Plan Process

The Ad-Hoc Committee completed its third meeting on Thursday, February 24, 2011. So far we have reviewed the current comprehensive plan language, collected survey data, completed population projections, identified potential growth scenarios, and collected base map information. The next step in the process is to start identifying the future land uses in the Village. The Village will be hosting a Design Studio on March 28, 29, and 30. It will be a 3-day all-day event. The focus of the first design studio will be for properties west of Pinecrest Road. The Design Studio will take into consideration future land use needs based on projections and coordinate them with existing topography, roads, and environmentally sensitive areas. The major planning concept that will be used in determining the future land use will be the Neighborhood Unit.

I have attached the link to the last ad-hoc committee meeting.

I urge you all to attend the Design Studio Workshop as this process will be the backbone of how we move forward with the update of the comprehensive plan.
