## USED STREET NAME SIGNS

The Village of Howard Public Works Department is selling their old/used street name signs. Proceeds from the sale of the signs will be going to a new veteran's memorial proposed in the village.

- 1 sign = \$10**
- 2 signs = \$15**
- 3 signs = \$20**
- 4 signs = \$25**
- 5 signs = \$30**

The village is in the seventh year of a multi-year program to replace existing street name signs with new signs that are easier to read and comply with new standards established by the Federal Highway Administration.

The sale allows residents to legally purchase a street name sign and at the same time contribute to the veteran's memorial fund. The signs will be sold through the Public Works Department on a first come, first serve basis.

The signs are made of aluminum and are in used condition and have been "in place" in the village for the past 10-30 years. Buyers are responsible for picking up purchased signs from the Public Works Department located at 1336 Cornell Road in Howard.

Please see the attached list for available street name signs and quantities for 2020. There will be new lists generated each year as we update different areas of the village.

To place an order for a street name sign, please contact:
